

WESTERN AUSTRALIAN WAR MEMORIALS WARDENS OF THE WA STATE MEMORIAL

The role of the Warden of the State War Memorial was determined at the meeting of the State Executive of the WA Branch of the RSL held on 27 November 1929 at which the following report titled *The Future Care of the Memorial*, submitted by the Memorial's Management Committee, was endorsed:

“It may be necessary to recall to mind that some years ago the public was invited to subscribe funds for the erection of a memorial to honour those Western Australians who died in the war of 1914-18. This movement was not initiated by the League. The appeal was a failure. At a later date the League revived the project. Through its action the present State War memorial Committee came into being, and our gratitude is due to its members for their work and the satisfactory success they have secured.

The approaching completion of the structure portends the disbandment of the Committee, and the State Executive having accepted, on behalf of the WA Branch of the League, the future care of the memorial, will be charged with its upkeep, and for the adoption of such measures as will ensure that due respect is paid by all to the memory of those who gave their lives in the service of the country.

Towards securing these ends, your committee feels that there will be no lack of voluntary effort, but unless such efforts are properly coordinated, the best results will not ensue.

The responsibility of the league as regards the monument itself, extends only over the area covered by the foundations of the structure, and it is thought that its cleanliness can be most effectively attended to by an officer of the park Board, the cost of whose services should be a matter for arrangement between the Board and the League.

On the question of the general care of the memorial, your Committee is of the opinion that the duty will be jealously sought after by various associations and individuals, and, after mature consideration, recommends that the annual State congress appoint for a period of twelve months –

The Warden who shall be a citizen of the State distinguished in peace or war.

The Warden's Assistants, who shall be members of a sub-branch of the League, or of some association of organisation whose objects are primarily directed towards the cultivation of good citizenship, and of service to others.

The Warden shall make a report in writing to the Annual State Congress, and interim reports, as he may deem to be necessary, to the President and executive of the Branch.

Funds for the maintenance of lighting and other services, and for repairs, will have to be found by the League, but therein no great difficulty is anticipated. Already there has been received from Sir Thomas Coombe a most generous offer to meet all the expense that may arise during his lifetime. Your Committee places great value upon the action of Sir Thomas Coombe, and, in recommending that it be accepted only in so far as the cost of supplying the current for flood-lighting and renewals is concerned, is influenced by the firm conviction that many of the relatives of those whose names appear on the tablets, would most reluctantly forego the opportunity of again rendering homage to their dead by contributing to the upkeep of the Memorial erected in their honour

**WESTERN AUSTRALIAN WAR MEMORIALS
WARDENS OF THE WA STATE MEMORIAL**

Your Committee finally recommends that there is established a fund to endow the Memorial. That a joint appeal by the League and the State War Memorial Committee be made through the public press, and that contributions in any sum from one shilling upwards be invited. The fund to be vested in the Trustees of the League.”

Extract from page 22 of The Listening Post, Volume 8, Edition 12, dated 20 December 1929.

Roll of Wardens

Wardens serve for a one-year term from Remembrance Day. The names are as shown on the Honour Board displayed at RSL WA State Headquarters where some ex-Service Members are shown with their rank and others are not. Some post nominal awards shown on this list were granted after the Warden's role had been discharged.

The Memorial was unveiled on 24 November 1929.
