## **WESTERN AUSTRALIAN WAR MEMORIALS RETURNED EX-SERVICEWOMEN'S MEMORIAL, KINGS PARK**

The Returned Ex-Servicewomen's Sub-Branch RSL Memorial is located immediately to the west of the WA State War Memorial in Kings Park, Perth. Its inscription reads:

This tree was planted by  
the Returned Ex-Servicewomen's  
Sub-Branch RSL  
to honour all Women who served  
in the Armed Forces during Wartime  
27<sup>th</sup> July 1982  
Lest We Forget

During World War I, the only women permitted to serve were those who enlisted in the Australian Army Nursing Service. Other than for Nurses, the RAAF was the first Service to gain the right on 4 February 1941 to enlist women into an Air Force Women's Auxiliary (WAAAF – Women's Auxiliary Australian Air Force) in the face of social, political and Service opposition. Despite the use of the word Auxiliary, women performed exactly the same duties as their male counterparts in the range of non-combatant duties they in which they were permitted to work which included technical and maintenance work on aircraft. The Women's Royal Australian Naval Service (WRANS) was formed in April 1941 and the Australian Women's Army Service (AWAS) was formed on 13 August 1941.

The number of women who joined the WAAAF is between 26,591 and 27,258 with strength at the War's end of 17,018. The number of women who joined the AWAS is 24,062 with peak strength of 20,051 in January 1944.

As is not practical to list all Women who served in the Armed Forces during Wartime in this document, the Roll shown is that of Women whose names are recorded by the Commonwealth Graves Commission, or were taken as Prisoners of War or interned as civilian Nurses.

The Rolls of Honour and Places of Birth are taken from the Department of Veterans' Affairs (DVA) WWII Nominal Roll. Further biographical and Service information for each Servicewoman may be found on the National Archives of Australia, the Australian War Memorial, the Commonwealth War Graves Commission, and the DVA (WWII only) Websites.
