Introduced by Warren Smith

GUEST SPEAKER: Dr. Hayes is a Western Australian who has recently been appointed Executive Director of the Australian Institute of Management - W.A. Division Inc. He has completed the recent 10 years of his career life in the United States. His experiences include administration, leadership, instruction and research in Universities and broad association with government and industry in the States of Indiana, Florida and Colorado.

Lynton completed his Bachelor of Economics at the University of Western Australia and his Master of Public Administration and Ph.D. at Indiana University in the United States.

While abroad Lynton has been the recipient of the American Council on Education's prestigious ACE Fellowship. The Fellowship enabled him to experience a full year as an apprentice President of an American University, the first Australian to receive the honour. The year was spent with the Chancellor, University of Colorado, the Director of the Western Australian Institute of Technology and the President of the University of West Florida. He has received awards from the Rockefeller Foundation, National Science Foundation, Outstanding Young Men of America and has been a consultant to the Johnson Foundation, U.S. Council on Radioactive Waste Management, the first North American Conference on Energy and Federalism, the Southern States Energy Board and Conoco Oil. He has published two books in the United States on the subjects of energy policy, fossil-fuel development and economic growth, and policy making for natural resources. He has a forthcoming book underway on radioactive waste management, risk-taking in industrial societies, and public policy. The book will be published in the United States.

Lynton and his wife Shannon have three young children and live in City Beach.

WREATH LAYINGS: As this is April we have three responsibilities. The Dawn Service needs little mention because it has become Tradition to have a good muster on this the most important day in our Calender. We have two other services on Anzac week-end. The first is the School Children's Service on Friday the 23rd April. For this we need a minimum of six sub wardens at the Memorial at 1330 hours.

On Saturday 24th the Lodge of Remembrance will hold their Annual

Wreath Laying and again we need a minimum of six to be at the Memorial at 1715 hrs. For 34 years we have performed these duties so let us make the 35th a good one. Names may be given to Harry Noonan on 386 4870 or Ron Stone on 321 4421 or at the April Luncheon.

ANZAC DAY BREAKFAST: This has become a regular feature of our Sub Branch activities and is becoming more popular every year. Again this year it will be held at the W.A. Club (plenty of parking) at 0730 hrs. The staff of the club have volunteered to come in on what is usually their day off (Sunday) because they have (a) a high regard for the members and (b) they feel they have become part of us. Ron Stone is again in charge and you can give him your name on 321 4421 or at the April Luncheon.

PLEBISCITE: By now you should have received your ballot paper with your Listening Post. As mentioned before neither the State Executive nor your Committee is going to try and influence which way you cast your vote. The National President has laid it out clearly enough. The main thing is that you exercise your right to vote.

ARMY MUSEUM: We have had a request from the Army Museum for volunteers to assist in overseeing on Sunday afternoons from 1300 hrs to 1630 hrs. It would only mean one afternoon every 5 or 6 months. If you can help would you be kind enough to ring Rolf Nyman on 330 3598.

LORD MAYOR: A Highgate member, Mick Michaels OAM, has placed his nomination for the position. He would appreciate any support you can give him and we wish him the best of luck.

DID YOU HEAR?: The old maid came home and found a strange man in her apartment. She threatened to call the cops if he didn't leave within 48 hours.

WARDEN OF STATE WAR MEMORIAL: Congratulations from all members to JOHN HUBBLE on his acceptance of the position for 1982-83. John is carrying on the tradition of such people as Bruce Courtney, Frank Statham, Doug Dargie, Sam Dallywater and Leon Goldsworthy. Those names just came quickly to mind, there are probably more.
